

Mike Petro

Product Designer

I'm a product designer living in Burlington and currently working at Veeva Systems on a small team building and enhancing a brand new product called QuickVault.

I am a high energy person who likes to learn new things and overcome challenges as well as a creative thinker who enjoys working in a team environment. As a hard working individual striving for excellence I would be an asset to any organization.

Experience

Product Designer at Veeva Systems (QuickVault)

Apr 2022 - current
